

**George Mills
Senior Engineer
Accreditation Operations**

George Mills is the senior engineer for the Standards Interpretation Group (“SIG”) at The Joint Commission. In this role, Mr. Mills provides standards interpretation and education to The Joint Commission’s Surveyors and accredited organizations, reviews equivalency requests, and conducts surveys. He also worked at The Joint Commission from 1995 - 1997 as an Associate Director in similar roles.

Mr. Mills has over 20 years of experience in the health care setting, and experience in the construction industry and structural steel fabrication. Prior to joining The Joint Commission, Mr. Mills was the national Director of Regulatory Compliance for a third party contract management firm and was the director of facilities at a 300-bed hospital in Downers Grove, Illinois. In addition, Mr. Mills has previously worked as a consultant and was the Director of Codes & Compliance for American Society for Healthcare Engineering.

Mr. Mills is a Fellow with the American Society for Healthcare Engineering (FASHE), a Certified Healthcare Facility Manager (CHFM), a Certified Energy Manager (CEM), a Certified Healthcare Safety Professional (CHSP), and is also a past President of HESNI – an ASHE local state chapter. Mr. Mills earned an MBA from California Coast University in Santa Ana, California.
